

NESA Outstanding Eagle Scout Award Recipients

December 31, 2022

This publication was created in a joint effort by professionals and volunteers of the National Eagle Scout Association. This document contains the recipients of the NESA Outstanding Eagle Scout Award through December 31, 2022. Some recipients, since December 31st, have had the opportunity to be recognized by their local council or NESA committees. For that reason, those names have been withheld from this document and will be added later.

Moving forward, the document will be updated semiannually with new awardees and corrections. The National Eagle Scout Association will maintain a minimum of a six-month buffer from approval to displaying a recipient's name. This will ensure a local council and NESA committee have sufficient time to recognize a new awardee.

National Eagle Scout Association members have done their best to provide the most accurate lists possible. It is understood that errors may occur in creating this document, and NESA kindly requests you send those to NesaOutstanding.EagleScoutAward@scouting.org. Please understand that corrections will not be displayed until the next version of this publication is posted.

NESA Outstanding Eagle Scout Award (NOESA)

The *Outstanding Eagle Scout Award* was established by the National Eagle Scout Association during the 100th Anniversary of the Boy Scouts of America in 2010.

Popularly known by its acronym, “NOESA”, the award recognizes Eagle Scouts notable for their local, state, regional or national distinguished service who do not yet meet more stringent nomination requirements for the *Distinguished Eagle Scout Award (DESA)*.

Candidates for the NOESA have inspired others through their positive actions reflected by recognized accomplishments and devotion to their profession, avocation, community, and beliefs. Previous recipients include authors, explorers, television personalities, military flag officers, scientists, medical doctors, government officials, prominent businessmen, and entrepreneurs.

Nominations are determined by the local council NESA committee, Scout Executive, and council president. In rare cases, the National NESA Committee may originate nominations.

Each recipient’s record of service and accomplishments should elevate the public stature and reputation of Eagle Scouts.
