National Office Confirmation

Before a Silver Wreath recipient may be notified, all applications must be submitted to the national office in order for NESAs staff members to verify the recipient's Eagle Scout status and to ensure that the nomination is within the council's current-year quota. Approval is based on the date the application is received at the national office. All Silver Wreath nomination forms must be received by the national office in the calendar year in which the council has the quota available to award it. Nominations quotas must be used by December 31.

The nominee will not be recognized as a Silver Wreath recipient until the application has been filed with the national office and credentials returned to the council.

Guidelines for Approving a Nomination

Recipients must be a member in good standing in NESAs for at least two years. Each Council NESAs Committee may nominate two awards per calendar year. Where one of the Key Three is nominated the other two members must approve. No more than one of the Key Three can be nominated in a calendar year and in such cases, the individual considered from among the Key Three cannot take part in the selection process.

The National NESAs Committee may also use discretion to independently select and approve two awards per sub-committee to recognize NESAs activity/service that extends beyond the local Council NESAs Committee, such as within territory, and/or national levels. The National NESAs Committee may also grant this award upon approval of the NESAs President and does not count towards the Council allotment of Silver Wreath of the year awards.

Nominees may earn the NESAs Silver Wreath Award one time only. The Silver Wreath may not be granted posthumously.
